

CATTLE TICK IS BADLY WALLOPED

Bloodsuckers Receive Severe Trouncing in Infested States During Month of March.

FINE WORK OF ERADICATORS

According to Reports 1,203,497 Cattle Went Through "Canal to Prosperity"—Big Increase Made in Number of Dipping Vats.

(Prepared by the United States Department of Agriculture.)

If the annual battle against the cattle fever tick can be compared to a boxing match of nine rounds—each round from March to December being a round—it is true that the tick got a thrashing in the first round, and the bell rang with the parasite figuratively hanging over the ropes.

March of this year brought more dippings of cattle for the tick than were recorded in any other March since the federal and state governments began to fight the parasite in 1906. According to reports from all tick-infested states 1,203,497 cattle went through "the canal to prosperity" in March, 1919. This compares with 900,905 in March, 1918, and 720,552 in March, 1917.

This year's results came from an effort to "Dip Tick in March" as a means of preventing so far as possible the reproduction of the parasite. The ticks that were killed in March will produce no thousands of millions of descendants to suck cattle blood all summer.

March, in March, and with continued vigorous attacks through the summer, it is believed that the tick eradication work has good chances of reaching their aim of cleaning up 60,000 more square miles of territory this year—more than ever has been reached in one year from the federal quarantine against the pest.

Healthy increases in the number of dipping vats available for use also are shown by reports to the bureau. In

work is being conducted following the release of the state from federal quarantine, the courts recently decided that the state laws providing for state quarantines are legal, and it is believed that the final work in Mississippi will be successful during the present year.

State-wide Law in Alabama.

As a result of the new state-wide tick-eradication law in Alabama it is hoped that the entire state will be released from federal quarantine by next December. The law requires all county commissioners' courts in tick-infested counties to provide means for dipping and to require the dipping of cattle every two weeks between April 1 and December 1.

Systematic work is being conducted in 32 counties in Georgia, giving ground for hope that these counties will be released from quarantine at the end of the dipping season. The

A Cattle Tick Dipping Demonstration.

state-wide law enacted by the Georgia legislature at its 1918 session becomes effective in December of this year, and 1920 may be the last year of the tick's residence in that state.

In Florida it will be necessary to conduct eradication work in units composed of several counties, and for this reason more time is required to construct dipping vats and make arrangements for systematic work. The people of Florida, however, are alive to the necessity of this work, and the state co-operation going to the federal government makes it seem certain that Florida, despite the great area still under quarantine, will not be the last state inhabited by the tick.

In North Carolina the eradication work is being reorganized with encouraging prospects for an early cleanup. Final "mopping-up" work is being conducted in South Carolina, from which the federal quarantine was removed last year.

PREVENT BIG LOSS OF GRAIN

Poor Work of Binder, Shattering During Shocking and Faulty Separator Are Cause.

(Prepared by the United States Department of Agriculture.)

Under average conditions the loss of grain during harvest is far greater than generally supposed. A large part of the loss is due to poor work of the binder, shattering during shocking and faulty separator work.

Under average conditions the loss of grain during harvest is far greater than generally supposed. A large part of the loss is due to poor work of the binder, shattering during shocking and faulty separator work. The binder is in good working order, and the separator is in good working order, and the loss of grain is reduced to a minimum.

NEW HAMPSHIRE STATE NEWS

Law Saved People Million.

Marketing of more than thousands of dollars worth of new securities, which has been a feature of the recent increase in speculation, all over the country in financial ventures, has brought greater activity to the New Hampshire Insurance Department in its enforcement of the "blue sky" law passed in 1917. The authorities are particularly vigilant in their scrutiny of those salesmen who attempt to exchange mining and stock for Liberty bonds. Commissioner John J. Donahue is working with authorities of the United States and other states to prevent the unloading of "wild cat" securities on those who but recently were patriotic in their purchase of the war bonds.

In one recent instance a young widow exchanged \$1,400 in Liberty bonds and some cash for worthless stock and was restored both the money and the bonds when the commissioner questioned the salesman about the deal. In another instance a salesman sold \$5,000 worth of stock in a moving picture concern and then moved from the state. Gov. John H. Bartlett had him extradited from New York and the salesman made full restitution of the money.

Launch Freighter at Portsmouth.

The 3800-ton steel freighter Portsmouth was successfully launched at 6:52 P. M. July 4, in the presence of a great throng of people who came to the shipyard of the Atlantic Corporation and lined the Portsmouth bridge and the opposite Kittery shore.

Mrs. Albert Hilsop, wife of Mayor Albert Hilsop, was the sponsor, and the launching was attended by Gov. John H. Bartlett and staff. Rear Admiral C. J. Bonnell, U. S. N., and Capt. W. L. Buck, U. S. A., and staff. The big freighter, the third to be launched from this yard, was named Portsmouth in recognition of the work of the city in the fourth Liberty loan, when it subscribed 98 per cent of the population. The city of Portsmouth presented the ship with a silver plate.

Walter Cox Off on Tour.

Walter R. Cox, Dover, premier trainer and driver of light harness horses, left Dover with his racing stable, including horses, sulkes, carts, harnesses, moccasins, and other equipment that go to make a first-class outfit for a 14 weeks' campaign through the grand circuit, which includes the meeting at North Andover, Columbus, Kalamazoo, Syracuse, Poughkeepsie, and Hartford, Lexington and Atlanta, Ga.

Mr. Cox left with the best wishes of hosts of friends for the most prosperous campaign, and all hope for a money winning driver in the land.

Farmers' Meeting Planned At Durham.

Two more associations have announced their intention of having their annual meetings at Durham. The first of these is the Potato Growers' association, which will meet in Durham in the 20th, and will have among its speakers one of the best potato men of New Hampshire, to discuss the practical details of the growing and marketing of potatoes.

On the same day the New Hampshire Cold Storage association has decided to have its annual meeting at Mr. Everett, state highway commissioner, will be one of the chief speakers.

Thought Him Dead.

An accident occurred at the residence of former Police Commissioner Samuel Welch, on High street, Somersworth. The people are unknown. A man on a bicycle was thought to be dead but he was brought to the side of the road next to Mr. Welch's house and was revived and was able to walk a little with the assistance of his friends. His wrist and leg were injured. The motorcycle as well as the bicycle was put out of commission. The motorcycle had no registration plate and the bicyclist had no light.

No Shut-Down This Summer.

The Amoskeag Manufacturing company, Manchester, announces that there will be no vacation shutdown this summer as business conditions are too good. Employees may make arrangements for a vacation, the company having consented to give all those who desire time off, permission to take a rest. Agent Herman F. Straw says the decision not to close the mills was reached by the time of last year and on account of the conditions at present. Business is so good that the management feels the big mill should be kept going all summer.

M. H. Women Elect.

The annual meeting of the New Hampshire Committee of the Women's Department, National Civic Federation, was held at the residence of the state chairman, Mrs. William H. Schofield in Peterborough. Officers elected—Chairman, Mrs. Frances Schofield, Peterborough; first vice chairman, Mrs. Alphonse A. Brown, Dover; second vice chairman, Mrs. F. G. M. Thresher, Littleton; secretary, Mrs. Loris Webster, Plymouth; treasurer, Mrs. Charles B. Henry, Lincoln.

Favor Anything Promoting Peace.

The League of Free Nations association of New Hampshire announces that the chairman of its branch in Portsmouth, Robert Gould, recently brought to the office of the state headquarters a petition signed by 62 citizens, 41 of whom were returned soldiers. Mr. Gould stated that the unanimous opinion of the soldiers was that they were in favor of anything which would tend to discourage the old order of things and promote the peace of nations.

Other names contained on the list are those of the business and professional men of the community.

May That State Labor Be Behind.

That New Hampshire labor is not advancing as rapidly as is labor elsewhere is the statement of Patrick J. Cahillane, newly elected vice president of the Central Labor Union in Manchester. Vice President Cahillane also says that his experience at the recent convention of the American Federation of Labor at Atlantic City has convinced him that the laborists and capitalists of the country already have a firm hold upon the national federation that can only be shaken by more widespread representation by union leaders at the annual conventions.

Well Known Woman Dies At Portsmouth.

Mrs. Laura F. Gurney, wife of Caleb A. Gurney, died suddenly of heart trouble. She was born in Mechanic Falls, Me., and was widely known throughout New England, having held the position of forelady in shoe shops at Mechanic Falls, Kennebunk, Salem, Waterville and this city. She was a charter member of the Pinnell A. Gardner Rebekah lodge of Portsmouth. Her husband has the leaves of one sister, Mrs. Alice P. Gurney, whom she was visiting at the time of her death.

May Yard Mechanics Will Study U-Boat.

The German undersea craft, U-140, will be up at the Portsmouth navy yard for an inspection period. It was sent there for the benefit of the draughtsmen and mechanics at the local yard for submarine construction. The U-140 is the very latest type of German submarine construction and is one of the crafts taken over at the signing of the armistice.

Employees Discharged.

Owing to the lack of work in the electrical department at the Portsmouth navy yard, a discharge of 170 hands has been ordered. This discharge was practically all women who have been employed about 100 weeks and will remain as operators in different parts of the yard.

Amoskeag Fair and Exhibit Sept. 18, 19, 20.

The annual fair and agricultural exposition at Amoskeag, N. H., will be held as usual this year, and the dates have been fixed as September 18, 19, and 20. A meeting of the agricultural committee has been held, and the certainty that the fair will be held decided upon.

Weld, Dartmouth Athlete, Suffers Loss of Leg in Boston.

L. Harold Weld, the Dartmouth athlete who won the hammer throw in the intercollegiate track and field championships on May 31, had his left leg amputated. Weld's leg became infected at his home in Grant, N. H., and surgeons were unable to save it.

Strike for More Pay.

The Dover workers for the Independent Car company of Boston have gone on a strike for more pay. The demand that they be paid \$4 per day instead of \$5.50 that they were receiving. The work engaged in by the Independent Car Company was repairing Central Ave.

Section Foreman Out His Throat.

Dennis F. Foreman on the section for the Boston and Maine railroad, at his home at Mt. Weld, Wolfboro, was brought to the hospital, where he died. He was 64 years old and had lived most of his life in Mt. Weld.

30 Unhappy Lovers Sever Nuptial Knot.

Thirty divorces were granted at the May term of the Rockingham County Superior court, which closed last week.

Concord Carmen Demand Pay Increase.

The motorman and conductors on the Concord Street railway system in Concord, N. H., have demanded for an increase in pay, and if allowed, will give their 43 cents an hour.

Sell 100 Bushels of Strawberries.

A. Arthur Green of Hemlock has sold in the market 100 bushels of strawberries, the price averaged about \$8 per bushel. The berries were of fine quality and fair boxes.

State Hospital Alumnae.

At the annual meeting of the New Hampshire State hospital alumnae association, Concord, Mrs. Margaret Desobry was elected president. Other officers chosen were secretary, Miss Robert; treasurer, Miss L. J. Desobry; directors Mrs. Mary Brown, Mrs. Mary Elizabeth and Georgiana Mack. Elizabeth H. Maudie, who retired as treasurer of the association after filling the office 13 years, was presented with a sterling silver plate.

Wrapped to insure its perfect condition in all climates and seasons. Sealed tight—kept right. The perfect gum in the perfect package.

After every meal The flavor lasts

Whale Fat Is Eaten.

The last annual report of the United States commissioner of fisheries states that in 1914 Denmark used 20,000 barrels of hardened whale fat in the margarine industry.

Preparations are under way in Norway for utilizing this material in the same way. The president is said to be a great admirer of the product.

That's Different.

Visitor—"How many men are studying at Lehigh?" Host—"Oh! Not half of them—Lehigh Bur."

The man who is always waiting for prosperity to come usually gives up just a cold reception.

Yes, Thelma, there would be fewer divorces in this vale of tears if there were more good cooks.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true it is easy to believe that by keeping the kidneys and digestive organs clean and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 300 years GOLD MEDAL HAZELTON OIL has been relieving the weakness and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL HAZELTON OIL is indeed a marvelous remedy for old age. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL HAZELTON OIL is indeed a marvelous remedy for old age. It is a standard old-time home remedy and needs no introduction.

From the Middle of the Pack.

He was a well-dressed and intelligent man, somewhat crowding Party Time, but he didn't know a single thing about buying tickets. For he said to the young man in the ticket office, in the loud voice of one accustomed to calling across the open:

"Give me a couple out of the middle of the pack, son. I'm taking my city cousin to the theatre tonight and she told me to be sure and get seats in the center."

Has That Tired Feeling?

"I like hot weather, don't you?" "When it gets too blamed hot to work"—Boston Transcript.

Options held by the average man are of the second-hand variety.

Never trade suits with a gink who cheats himself playing solitaire.

W. N. U., BOSTON, Nov. 28-1919.

Shorter Haffer, Tick Infested.

March, 1917, there were 15,705 vats; in 1918, there were 22,578. This year there were 20,285.

Reports From States.

A summary of the state reports shows that Alabama with 6,230 vats had 148,884 dippings in March; Arkansas, 2,501 vats, 14,870 dippings; Florida, 1,114 vats, 14,870 dippings; Georgia, 1,220 vats, 182,704 dippings; Louisiana, 4,450 vats, 263,129 dippings; Mississippi, 5,533 vats, 129,703 dippings; Oklahoma, 1,053 vats, 44,938 dippings; South Carolina, 801 vats, 1,447 dippings; North Texas, 4,005 vats, 275,987 dippings; South Texas, 1,220 vats, 66,574 dippings. Preliminary and reorganization work was conducted in North Carolina.

Ample provision has been made in every state for dipping vats, and an adequate supply of dipping materials has been distributed to the counties that will likely need them this year. Satisfactory progress in constructing vats and in preparing the dipping solution was made despite the excessive rainfall.

In Texas, which has the largest amount of infested territory, encouraging progress is reported from some counties, which include the territory in which eradication work is to be planned most vigorously this year.

Nearly all the counties in zone No. 1 have made appropriations for the work, and construction of dipping vats is being pushed as rapidly as possible.

Shorter Haffer, Free of Ticks.

It is believed that the general dipping of every two weeks will be conducted in nearly all of zone No. 1 during the present year.

The Oklahoma state legislature, by making a special appropriation of \$40,000 assisted several counties in the southeast corner of the state which seemed unable to raise funds with which to carry on county work. With this assistance it is believed that Oklahoma is now in a position to get rid of the tick by the end of 1920.

The Arkansas legislature recently appropriated \$100,000 for tick eradication. In that state, and with the large force of federal, state and county employees now at work it is believed that the tick will be eradicated in seven or eight counties, and be released from quarantine next December 1.

The Louisiana forces seem determined to wipe out the tick this year, and the indications are that they will be successful.

In Mississippi, where final clean-up

DON'T PAY TO SPRAY BEETS

Earlier to Make New Plantings When Attacked by Leaf Spot, Especially in Small Gardens.

(Prepared by the United States Department of Agriculture.)

Garden beets are attacked by a leaf spot which materially injures their growth. It is so easy to make a new planting of beets that it hardly pays to spray, especially in the very small garden. This is practically true in all cases.

By keeping stock solutions of copper sulphate and lime on hand, a little Bordeaux mixture can easily be made and applied to the beets. In any outfit that can be purchased in a seed store. Where these sprays are not made of brass or copper, the Bordeaux mixture should be allowed to stand in brass or copper, they should be thoroughly cleaned with clean water after using.

"Meats in Storage"

Every working day of the year 75,000 pounds of meat are required to supply home and export needs—and only 10 per cent of this is exported.

These facts must be kept in mind when considering the U. S. Bureau of Markets report that on June 1, 1919, there were 1,348,000 pounds of meats in cold storage. If the meat in storage was placed on the market it would only be 20 days' supply.

This meat is not artificially withheld from trade channels to maintain or advance prices.

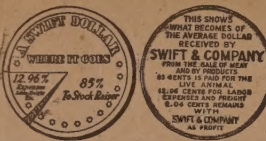

Meats in storage consist of—

- 65 per cent (approximately) hams, bacon, etc., in process of curing. It takes 30 to 90 days in pickle or salt to complete the process.
- 10 per cent is frozen pork that is to be cured later in the year.
- 6 per cent is lard. This is only four-fifths of a pound per capita, and much of it will have to go to supply European needs.
- 19 per cent is frozen beef and lamb, part of which is owned by the Government and was intended chiefly for over-seas shipment. If this were all diverted to domestic trade channels, it would be only 1½ lbs. per capita—a 3 days' supply.

From this it will be seen that "meats in storage" represent merely unfinished goods in process of curing and the working supply necessary to assure the consumer a steady flow of finished product.

WEEKS & SMITH.

Squam Neck.

The Misses Haley are at The Orchard with their parents.

Mrs. M. M. McGuire and a party arrived at Analostan Wednesday for the season.

Willow Greene, who is at home with his parents since his return from overseas, spent the Fourth in Ashland.

Mr. and Mrs. Shirley Bickford were Sunday guests at Sunny Farm.

Mrs. Barrett and family have joined Mr. Barrett at Quincy farm.

Mrs. John Lee and family of Winthrop are at Sunny Farm for their annual vacation.

The Squog has taken the water for the season after a new dress of paint, caulking, etc. This boat belongs to the members of the Squog Outing Club and has taken prizes in her class at several races on the lake.

Miss Susan Rogers, who has been quite ill, is again able to sit up.

Alpheus Hutkins was in Meredith Sunday.

F. R. Phelps and a party of

soldiers are camping at Coda-shake for a week's fishing. They motored here from Plainville, Conn.

Mrs. S. F. Teele, her father, Mr. Hodges, her daughter, Miss Genevieve Haven, and son Stanley Teele arrived at Teelhurst Wednesday for the season.

Lakeview

S. A. Knowles and wife spent a week at Worcester.

Camp Inquois opened July 3 with 65 girls.

Camp Tecumseh opened June 27th, with over 100 boys.

Mrs. Orton is stopping with Mrs. A. J. Smith.

Vona Knowles is with her brother, S. A. Knowles.

Center Harbor

Miss Grace Woodward and Miss Josie Wilson have been spending a week at their camp in Jackson with friends.

Prof. E. B. Stevens and Mrs. Stevens and daughter Elaine of New York have arrived at their camp, Pinecroft, at Alpine Park for the summer.

The Wakonda, Asquam, Pine-lands and Anawan Camps for young ladies are now open for the summer and to all appearances are full to overflowing.

Charles York of Boston, a former resident of this place, was visiting friends here over Sunday.

George Hanson was in town Sunday, visiting his daughter, Mrs. George Leighton.

Wm. Leighton and wife, son and daughter Pearl of Saco, Me., visited their friends and old home Saturday and Sunday.

The Steamer Mt. Washington comes in port just often enough to say that she is running, but affords but little accommodation to the public, as one cannot leave this port and go anywhere and back the same day except around the lake. It seems that navigation on the most beautiful lake in New England has got narrowed down some in the past few years. In the good old days when the Lady of the Lake was a competitor, one could leave the landing here six or seven times a day and return the same number of times, and both boats would start as soon as the lake would clear of ice in the spring and not quit in the fall until the lake froze up in the fall. Some change, but always sure to be the order of things when there is no competition.

Henry Dow met with a very serious accident. While a participant in a bicycle race, he ran into a team and the pole, striking him in the head, fractured his jaw and injured his skull. He was hastily removed to the Lacomia hospital for treatment and at last, accounts was on the mend.

There were many thankful hearts last Sunday afternoon when the gentle rain drops came down to refresh the parched and withered vegetation, helping the garden to revive that the owner might, later on, be fed by the labor of his own hands, carrying out in a certain degree the independent nature of a true-born American.

Malcolm Sturtevant and family of Boston have arrived at the old farm for the summer.

Meredith Center

Mrs. Minnie Ricker and Mrs. Esther L. Pickering and infant daughter visited Mrs. M. E. Widger at Austin J. Swain's recently.

Mrs. Joseph H. Allen was in Meredith over the Fourth, visiting her son, Chester J. Allen, and family.

Ned Wiggins was a week and guest of Mr. and Mrs. Warren K. Kimball.

No services at the Free Baptist church Sunday afternoon, on account of the severe shower.

A dog owned by John I. Haron was run over by a passing automobile Friday noon, which went on its way rejoicing, without a thought of the poor suffering animal left behind.

Mr. and Mrs. Uzel Morris and children have moved into their new home and Mr. Morris will finish the same as fast as possible.

Mrs. Barbara E. Edwards of Boston, Mass., and Mrs. Mary E. Ansbore and little daughter, of Derby, Vt., are visiting at E. Smith home.

Mr. and Mrs. Fred Carrièreau of Lacomia were in Chemung Sunday.

Mr. and Mrs. J. Miner Osgood, Mrs. Ruth P. Jones and Master Robert Jones of Billerica, Mass., are visitors with Mrs. Osgood's

father, Nathan G. Plummer, and Miss Evelyn M. Plummer, and relatives and friends.

Joey Allen of Meredith was here Sunday, passing out bills for "The Heart of Humanity" to be presented at Meredith, this evening.

Prof. F. W. Preston of New Hampton passed through here by automobile recently.

Seth E. Ranlett of Tilton, a former resident, has been in town recently, calling on old friends.

The Robinson boys, Oliver and Edmund, of Wellesley, Mass., are at their old home in Chemung for the summer. Their mother, Mrs. Geo. W. Robinson, and sister, Miss Hilda Robinson, are expected soon.

Chester Piper of Franklin visited his aunt, Mrs. Warren K. Kimball, and family, over the week end.

A large number of our people took in the celebration at Lacomia, Friday, and a less number in Meredith.

Mrs. M. E. Widger and little daughter have returned to their old home in Manchester-by-the-Sea, Mass. Mrs. Widger has been house keeper for Austin J. Swain for a number of years and will be greatly missed at his home, and by her many friends and neighbors.

Mrs. August Svenson and several of her children, of Stoneham, Mass., are at their old home for the summer months. Their tent has been put up and ice cream will be on sale.

John J. Bulman, a former resident with Mr. and Mrs. Warren K. Kimball and family for more than a year, is here visiting them and other friends. He has recently been discharged from the Navy and will soon return to his old home in Worcester, Mass., to take up his work as a printer in that city. Success go with him.

The Smiths have a full house of boarders with several happy children among them.

Holderness

Dr. Jerome Webster is spending the summer with his parents at Wachusett.

John Ladd and Ellis Gammons went to Franklin Sunday to visit their friends. He has recently been discharged from the Navy and will soon return to his old home in Worcester, Mass., to take up his work as a printer in that city. Success go with him.

The Smiths have a full house of boarders with several happy children among them.

John Ladd went to Chemung Monday to prepare for the burial of his brother.

Camp Tecumseh Boy Is Drowned.

Mulford Heintz, aged 14, of Philadelphia, enrolled at Camp Tecumseh, was drowned Sunday while canoeing with one of the instructors. The canoe overturned and the instructor came to the surface unconscious, but young Heintz was not seen after sinking. He was a very good swimmer and won a prize in a 500-yard race last week.

A Boston diver is now endeavoring to locate the body.

Camp Tecumseh is in its 17th season and this is the first accident to occur there.

"Some girls have money to burn and are always looking for some one to strike a match." Instead of burning the money, why not buy War Savings stamps. There is an affinity between matches and thrift.

FOR RAINY DAYS

Books, books, books at Mansfield's.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circular.

F. J. CHENEY & CO., Toledo, Ohio, Sold by Druggists, etc. Hall's Family Pills for constipation.

Brick Church

The pastor is away for a vacation of three weeks.

Next Sunday there will be no morning service, but the Sunday School will assemble as usual. The evening service at seven o'clock, will be in charge of the C. E. Society. Tomorrow evening, the mid week service will be led by one of the laymen. All who have a copy of the King James version of the Holy Scriptures are requested to bring one, and any who have not, may have one for the asking.

NOTICE TO CORRESPONDENTS.

The News finds that it must continue the work of having the meat of the type set out of town for every issue until along in September at least. If not longer, and so it would ask correspondents to continue during the entire summer to send in contribution no later than Monday morning unless very important things occur after the first letter is mailed to us. In cases of this kind, a second letter will be kindly appreciated. Letters to come by stage will be all right on the noon stage Mondays, but letters by mail should come in the morning, as our copy for matter to be set must be mailed to Manchester at 12:10 noon hour.

HOW FAR IS PLYMOUTH

Not So Far That Statements of Its Residents Cannot be Verified.

Rather an interesting case has been developed in Plymouth. Being so near by, it is well worth publishing here. The statement is sincere—the proof convincing.

C. P. Brown, School St., Plymouth, N. H., says: "My back used to become very sore and lame, as the result of hard work. The pains struck me just above my hips and kept me from bending and lifting. I used Doan's Kidney Pills and they gave good results. I have since taken them and I have never had them fail me."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Local Items

Mrs. John O. Reynolds is visiting in Maine.

At the Federated church next Sunday, Rev. R. J. Gupill of Deer Isle, Me., will preach. Cecil Wilcox, soloist.

Mr. and Mrs. J. F. Philbrick moved a portion of their household goods to Lakeport Tuesday and are now living there.

Antioch, day or night, H. D. & H. L. Morrison, Tel. 25-11 or 55-3.

Mrs. C. E. Merrill and daughter spent a few days in Wentworth with her cousin, Mrs. Ed Sponner, and on the 4th, Mrs. Merrill and friends, Mrs. Gertrude Shaw and C. I. Manson, spent the day with her.

Mrs. Alice Voornveld, who was injured on the night of the 4th, was taken to the Lacomia hospital Tuesday noon.

Frank Eastman of Lisbon has taken possession of the W. J. Roberts property, which he recently purchased through W. T. Lance. The furniture arrived Saturday. Mr. Roberts has purchased a wheat ranch in Galt, Cal., and his fine little place has been on the market about nine months.

Fir balsam pillows at the Mermaid store.

Mrs. E. S. Gordon and daughter, Katherine, are spending two weeks in Wellesley Hills, Mass.

The S. M. Estes cottage has been sold to W. B. Burdett of Swampscott, Mass.

Auto for hire, day or night, H. D. & H. L. Morrison, Tel. 25-11 or 55-3.

Mr. and Mrs. Charles E. Merrill and daughter and C. I. Manson entertained their friend, Mrs. Gertrude Shaw, Sunday, at the Sunnyside Inn.

A. S. Clough tells the News that the town of Meredith contains 16 water powers on which mills have been operated, and several others which have not been so utilized.

Automobiles for hire, day or night, H. D. & H. L. Morrison, Telephone 25-11 or 55-3.

Accident No. 2, whanged Robert Carrigan one day last week when he lost a portion of a finger while engaged in unloading express bundles. Look out for the third, Bobby, dear. Don't run up against a buzz saw, a meat axe or the editor.

Norman Piper, the Holder-ness boy with the pompadour, sir cut the bright smile and the ready wit, paid his bet on the Dempsey-Willard fight Saturday night, rolling a peanut with a crowbar from the post office to the Mr. Hawkins residence. A cheering crowd accompanied him, singing, "It's a long, long way to Tipperary."

Take your films to Mansfield's, Daily expert service.

Policeman Morrison is evidently a Bolshevik as he has two flaring red flags flaunting and flying from the helmets of his two silent policemen. It's no wonder that Earle Vinal, the much-advertised and self-confessed hero of several European battles, hasn't run over the flags with the blue dye stuff in which he scots about town at a rapid speed—the car without a muffler. And next fall the firemen may not be allowed to have red printing for their Thanksgiving dance. Further, the next book of selection will not be allowed to take the oath of office if they wear neckties. Down with the REDS. Abas les ROUGE.

Another shipment of the excellent Lotus Linen Writing paper at Mansfield's, by the box, pound, tablet. Correspondence cards. Value for your money.

Only three copies of The Pinnacle left at the News office.

W. T. Lance has had a fine residence placed in his charge recently, a house with several rooms, bath, etc., electric lights. Near center of business and a most desirable property. \$1,800 takes it. Owner has left Meredith. 3311

Charles F. Vittum was home from Acadia, Me., for the Fourth.

North Vittum has gone South and is working at the Scott and Williams ship at the Lakeside dock.

A petition has been circulated in Meredith favoring a league of nations. It is the opinion of the President of the League, Governor Bartlett, in his speech in Boston a few days ago during the recent celebration of the centennial of the creation of Irish Republic, said that this country should break at once with England unless John Bull recognizes the new Republic. Now don't crack your line when you laugh, but Gov. Bartlett is a leader in the New Hampshire movement to form a league of nations which is promised to prevent war, ha, ha, ha. The more one hears about it, the more apparent it is that it might better be called the league of nations.

The News was a day late last week, but it wasn't on account of the local express office as the package containing our typewriter matter lay in the express office.

The local express agent, Mr. Wilkins, telephoned the arrival of the package from the station as soon as the train was in, and within ten minutes was in the office with it. This is nothing new, as he is always doing these little stunts for people who are in a hurry for shipments. The past week he has been a trying one. The assistant, Robert Carigan, lost the end of a finger while at work, and Mr. Wilkins has been on the go for eighteen hours daily in order to keep things moving. And to add to this, the train was late, and the express agent has to make late almost every day, morning, noon and night.

The American Express Co. has increased more than 150 per cent. over all former business here and it keeps the end of a finger while at work, and Mr. Wilkins has been on the go for eighteen hours daily in order to keep things moving. And to add to this, the train was late, and the express agent has to make late almost every day, morning, noon and night.

Sweet grass baskets and novelties at Mansfield's.

Communication.

Editor News—
I want to utter through the columns of the News a vigorous protest against some of the proceedings here on the night before the Fourth. It may not be a "popular" thing to do, but it is time for some one to move, in my opinion.

To have a man's word stolen from him is a disgrace, and a contribution for a town celebration is not a thing that would make any man very gracious but it is nothing compared with the absolutely diabolical treatment accorded to Francis Sirrell on Winnepesaukee street. Mr. Sirrell is a hard-working man with a family of eight small children. They were burned out in a lumber camp shortly before coming here and barely escaped with their lives, saving almost no personal effects. He had a boat which he was trying to sell to help himself along, also a cheap set of wheels, which he used to drive to his work and bring home his work. Both were smashed and rendered useless.

Now it behooves those participating to pick in and choose good the man's loss at once, and if it is not done I propose to do something about it myself if I have to do it alone and single-handed. I believe in fair play and always had a snark or a coward.

J. F. BEEDE,

A Pleasant Outing

Miss Jennie Wade, who is the teacher of the Sunshine Class of the Federated Sunday School, gave the children a very pleasant auto ride to Milton last week.

The trip was made in N. A. Bickford's big car, and a stop was made for ice cream on the way.

All but two members of the class made the trip with Miss Wade. The following are the names of the children: Ruth Lloyd, Doris Maloney, Bradbury Sprague, Edith Raymond, Wayne Baker, Elizabeth Hall, Gladys Clement, Eleanor Grad, Robert Prescott, Lois Copp, Lenora Copp, Roger Rand and Joseph Livingston, Jr.

See the La Resista corsets at Mansfield's.

\$50 Reward

will be paid for the arrest and conviction of the person or persons who tampered with the alarm on the morning of the Fourth of July.

Prosecution as provided in Chapter 144, Session Laws 1915.

Edwin C. Mansfield
W. W. Huxley
Sidney D. Moulton
Fire Commissioner

Sunday afternoon's rain was a gift—delivered to the patched gardens and suffering humanity.

Harry Durant, the New York playwright, is here with his family in the camp at Waukegan.

Mrs. Blaisdell started on her six weeks' western trip Sunday, going to Boston where the Chicago train was to be taken.

Mr. and Mrs. William Hill of New Bedford, Mass., former residents, have been visiting friends here for several days.

John and Mrs. James Burleigh and daughter of Providence are at the parental home at Ridgefield farm for the usual summer vacation.

Lewis L. Levine went to his home in Maine last Saturday, going as far as Dover, N. H., and Mrs. W. E. Bunker, who are in Rye this week.

Messrs. E. W. and Almon Thayer were home from their vacation at the Fourth and Sunday. The old home was a two weeks' look to the Thayers, father and son.

Rafferty Gershaw was here from Montpelier, Vt., over Sunday, having decided to take a situation in Hanover which he held open for him for several months.

James Bickford was here over the Fourth, going to Portland, where he is conducting a large business and purchased a business there and moved his family to that city as well.

The Meredith baseball team defeated Boston T. M. C. A. 5 to 1 last Saturday afternoon on the home grounds. The afternoon previous the local team defeated Ashland in a game 2 to 1. Captain Perry is smiling again.

Mr. and Mrs. John Sweetser and son Harold of Portsmouth and the late Mr. Willey came, overlooking Waukegan. They are about to leave for the Fourth of July celebration and people desiring them to send to the editor to secure them at the News office, free.

Abas for hire, day or night, H. D. & H. L. Morrison, Tel. 25-11 or 55-3.

Mr. and Mrs. Frank Packer and daughter, former residents, have been visiting friends here for a few days.

They have been residents of Manchester for several years. Mr. Perry is the editor of the big McElwain shop there.

Raymond Pickering of Meredith and Peter Nelson, of Meredith, were married at the home of the bride's father, a street church by Rev. Mr. Crockett.

The banner given to the Meredith team was formally presented to the men at last night's Fourth celebration, during the exercises by First Sergeant Fred S. Brown.

The banner given to the Meredith team was formally presented to the men at last night's Fourth celebration, during the exercises by First Sergeant Fred S. Brown.

Mrs. Voornveld met with a painful accident on the night of the Fourth, when she was struck by a train at the home of her father, who is a resident of the town.

The attention of Policeman Morrison was called to the action of a young man who persists in travelling through the streets of Meredith at a rapid speed in a car which has no muffler.

The Want Advertiser is a Result Getter

The Want Advertiser

Sells property while the less progressive owner wonders whether his place, his horse, his furniture, etc., could be sold to advantage "just now." The man who ought to buy your property is as anxious to find you as you could possibly be to find him.

The Want Advertiser

Who means business gets business. He has something to sell that is worth while, he advertises in a concise and convincing manner and sells it. Ever doubt your ability to write a want ad that would draw new and bright results? It is the same as filling a telegram—saying briefly and clearly the facts.

The Want Advertiser

Knows that the probable buyer for a horse is a probable reader of the "FOR SALE" ads. An ad costs less than ads, and if the horse is salable a buyer will soon be found.

FIFTY NEW "V" CENTERS PLANNED FOR CZECHO-SLOVAK REPUBLIC.

New England Man Reports on Progress in Russia.

Paris (By Mail)—The most serious worries of the new Czech-Slovak Republic are the food situation and Bolshevism, the latter partly resulting from the former and partly from the propaganda of the latter.

Food from the United States, brought in under the direction of Herbert Hoover, already is relieving the food shortage, Mr. Kimball says, and the Y. M. C. A. is doing much to minimize Bolshevism.

When the first army of Czech-Slovak troops, who had been with the French entered Prague January 8, Mr. Kimball, who had been with the French army, was there, and now twice Y. M. C. A. has directed by Mr. Kimball and E. J. Wright of Oklahoma, are in operation in Bohemia.

Bohemian army, cinema, reading and entertainment features, these help maintain a systematic educational campaign against Bolshevism, so effective has this campaign proved that the Czech-Slovak army has arranged with the Y. M. C. A. to increase the number of centers from twenty to fifty during the present year. The plan call for fifty new centers by the last of July.

PRINCE ALBERT

the national joy smoke

NEVER was such right-handed-two-fisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five acs out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

Tappy red bags, tidy red tin, handsome pound and half-pound tin humidor—and that classy, practical pound crystal glass humidor with sponge moisture cap that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

RECIPIENTS OF WAR MEDALS

The town of Meredith has had 74 medals struck off for the men who were in the service. Four of these were presented, on Memorial Day, to the relatives of the men who died during the war. Forty-two were pinned on the men on the evening of the 4th, and the balance are in the hands of the town clerk, awaiting the pleasure of the owners.

Premier Theatre.

(Continued from First Page)

Saturday, July 12, and offers exceptional entertainment. The story, which is a complicated one, is handled with gratifying cleverness and shows the popular star at his best. The plot deals with the adventures of Johnny Rutledge who believes that life is made to be taken easily and had all things worth having come to him who waits.

The newest Paramount-Mack Senett comedy, "Friend Husband" featuring Mary Thurman, Wayland Trace, Charles Murray and Laura La Plante, will be a feature of the bill at the Premier Theatre Saturday, July 12. The comedy is filled with laughable situations and starring the famous stars, there are today, the great Duce and Penner, the house cat, both of whom contribute to the fun of the affair by their surprising and intelligent escapades.

Meredith Neck

Mr. and Mrs. Bramley of New York are at the John F. Beale camp for the season.

Mr. Mulkin and family of Boston are at A. B. Black's camp for the summer.

Miss Grace Bickford, a teacher

in one of the high schools at Everett, Mass., is visiting her brother, Roy Bickford, and family for the summer.

Mrs. Woodbury Davis and Mrs. Harold Davis spent Sunday at Mrs. Bickford's.

Mr. and Mrs. E. H. Bryant of Long Island were called to Concord one day the past week to attend the funeral of his nephew, Leon Bryant. He was a former resident here and will be well remembered by many.

George Batchelder and family of Vermont spent the 4th at T. H. Batchelder's.

Murray and family are boarding at Sol Lovejoy's for a few weeks.

Ralph Lovejoy spent the 4th here.

For Sale.

Fine 11-room house in Center Harbor, situated near lake, high, with splendid view of lake and village. One acre land, water in house, good barn and wood shed, ice house, orchard, garden. Price right as owner really wants to sell it. See W. T. Lance about it.

NOTICE TO CORRESPONDENTS.

The News finds that it must continue the work of having the most of the type set out of town for every issue until along in September at least, if not longer, and so it would ask correspondents to continue during the entire summer to send in contributions no later than Monday morning unless very important things occur after the first letter is mailed to us. In cases of this kind, a second letter will be kindly appreciated. Letters to come by steam will be all right on the noon stage Monday, but letters, as our copy for matter to be set must be mailed to Manchester at 12:10 noon hour.

Be Independent - Buy a Home FARMS, VILLAGE PROPERTY, COTTAGES FOR SALE

Six-room farm house near Lake Waukewan. Fine cellar, barn, four acres good land. Fine view of lake and mountain. Good winter and summer home.

Three Cottages for Sale.
On Meredith Neck. All of them afford fine view of the lake. All are well furnished.
8-room cottage, hardwood floor—\$1,000.
Another 8-room cottage, barn, 1/2 acre land—\$1,000.
A 6-room cottage only \$350.

Farm on Meredith Neck.
Has two houses and separate sets of buildings and pastures, and can be made into two fine farms. Homestead has electric lights, telephone, daily mail, adjacent to school house, and a church situated on property.
Farm lies within forty rods of Lake Winnepesaukee and affords a wonderful view of lake and mountains.

On Eaton avenue, overlooking Winnepesaukee, 25 acres of wood, timber and cleared land; about 100,000 ft. pine and chestnut; 100 cords wood. Owner wants to sell and it can be purchased right.

One of Meredith's nicest small houses. Seven rooms, wired for electricity, bath room, steel ceiling in living room, good big lot, apple and plum trees. This place can be purchased for \$1,000, which represents about one-half the amount expended upon it within one year.

One of the best farms in West Center Harbor, 3 miles from Meredith, 1 1/2 from Winona. 90 acres, 2 pastures with running water, nice bathing bench, good 9 room house, hard wood floors, pump in house, new garage, 50,000 ft timber on land. \$2,500 on terms.

Big house in Center Harbor Village. 16 rooms, 130 ft. square, stable for 4 horses, tennis court, are good garden land. \$2,700.

A nice cottage on the Weirs-Laconia boulevard, having frontage on Lake Pausus. Near street car line. Fine summer home—\$2,000.
